### Workshop Goal:

The purpose of this workshop is to equip participants with the knowledge and tools to cultivate and maintain a robust security culture within their organizations, enhancing their ability to deter, detect, and prevent unlawful interference effectively.

### Workshop Objectives:

**After successfully completing this workshop, the trainees will be able to:**

- Explain the principles, importance and benefits of effective security culture in deterring, detecting and preventing acts of unlawful interference.
- Present tools and best practices for the development of a strong and sustainable security culture.
- Enable the participants to learn how to develop, implement, and maintain robust and positive security culture within their organization.

### Workshop Content:

**Module 1:** Course Introduction

**Module 2:** Understanding Security Culture

**Module 3:** Benefits of an Effective Security Culture

**Module 4:** Implementation of a Strong and Effective Security Culture

**Module 5:** Final Exercise

**Module 6:** Workshop Closing

### Target Population:

The target population will be new entrants and existing personnel at the basic level employed by the authority or organization primarily responsible for the application of aviation security preventive measures at airports and from such other aviation related agencies engaged in support activities.

## Entry Requirements:

### Trainees must meet the following criteria:

- Have written and oral command of the language of instruction.
- Be engaged within organizations mentioned in the target population.
