AVIATION SECURITY CERTIFICATION SYSTEM WORKSHOP

Certified ✔ Accredited by: ICAO Duration:05 Days Language of Instruction: English

Registration Contact: training@afsactunisie.com +216 98 333 330 +216 20199950

Workshop Goal:

This ICAO workshop will allow participants to discover the guidance material contained in the Aviation Security Manual and will be an opportunity to design a draft program that can serve as a basis for the development of State-specific certification systems and/or be integrated into existing systems.

Workshop Objectives:

After successfully completing this workshop, the trainees will be able to:

- Describe the requirements and benefits of a certification system as provided for in Annex 17.
- Identify the difference between training and certification.
- Demonstrate a working knowledge of the criteria for the establishment of certification systems, as well as the indications provided in the ICAO Security Manual - Doc 8973/8 (restricted).
- Establish the criteria for the recruitment, selection and training of personnel who can be certified.
- Identify nationally defined regulatory requirements related to the certification and recertification system.
- Establish criteria for a national certification system.

Workshop Content:

1. Opening Ceremony and Introduction.
2. Annex 17 Definitions relating to Certification Systems.
3. Certification Systems Overview.
4. Recruitment and Selection Criteria.
5. Training Criteria.
6. ICAO Security Manual, Chapter 8 and Appendices 7 to 10.
7. Implemented Certification Systems.
8. Maintenance of Certification.

Target Population:

This workshop is intended for personnel responsible for the development, implementation and/or supervision of AVSEC certification systems.

Entry Requirements:

Trainees must meet the following criteria:

- Have written and oral command of the language of instruction.
- Engaged within organizations mentioned in the target population.
