AIR CARGO AND MAIL SECURITY COURSE

Certified ✔ Accredited by: ICAO Duration:05 Days Language of Instruction: English

Registration Contact: training@afsactunisie.com +216 98 333 330 +216 20199950

Course Goal:

To enable the target population to integrate knowledge of ICAO standards and recommended practices (SARPs) into the context of their designated role in their organization as part of a national responsibility to secure air cargo and mail against acts of unlawful interference, in accordance with Annex 17 and the ICAO Aviation Security Manual (Doc 8973 – Restricted).

Course Objectives:

After successfully completing this course, the trainees will be able to:

- Explain the origin and purpose of required security measures and procedures at the international and national level to protect air cargo and mail from unauthorized interference.
- Describe the roles and responsibilities of the appropriate national authority and other stakeholders to meet ICAO requirements for air cargo and mail security.
- Explain the purpose and key components of the air cargo secure supply chain for both cargo and mail.
- Describe the purpose and procedures relevant to each of the 6 pillars of the air cargo secure supply chain.
- Identify the need for additional specific processes to handle mail, dangerous goods, and restricted articles, where applicable.

Course Content:

1. Course Introduction.
2. Cargo and Mail Security in Context
3. The Secure Supply Chain
4. Facility and Personnel Security & Training
5. Screening
6. Chain of Custody
7. Oversight and Compliance
8. Security of Mail
9. Restricted Articles: Prohibited Items and Dangerous Goods
10. Course Closing

Target Population:

a) Aviation Security (AVSEC) personnel responsible for the development, implementation and oversight of air cargo and mail security measures, to include:

- Personnel of civil aviation authority responsible for aviation security;
- Personnel from other regulatory authorities, airports, airlines, and/or other stakeholders that have an active role in maintaining air cargo and mail security.

b) National AVSEC instructors, who are or will be, responsible for training similar subject matter.

Entry Requirements:

Trainees must meet the following criteria:

a) Participants should work for the State's appropriate authority responsible for aviation security, other regulatory authorities, airports, airlines, and/or other stakeholders that have an active role in maintaining air cargo and mail security.

b) There is no minimum level of responsibility for those meeting the target audience criteria.
